MONDAY EVENING, SEPTEMBER 10.

The Pope's Temporal Power.

At the closing sitting of the Catholic Diet at Freiburg Dr. Windthorst devoted a speech to the argument that the restoration of the temporal power of the Pope would add to Bismarck's glorious achievements toward the maintenance of the world's peace. He said that a friendly but energetic word from the German Chancellor backed by Austria would do much for the Pope, while the act would make the best impression upon German Catholics and be hailed by a noble statesman in Italy as a means for combating revolutionary danger.

Accident to a Circus Train.

Yesterday morning between three and four o'clock a Cincinnati-bound freight train, heavily laden, dashed at full speed into the John Robinson circus train, which was standing at Corbin station, on the Little Miami Railroad. The caboose at the rear of the circus train was split in two and the four sleepers ahead of it were telescoped. No damage occurred to the animals or to the circus property which were in the long train ahead of the sleepers. Four men were killed and eighteen were wounded.

The capital stock of this company is \$625,000, divided into 625,000 shares of \$1 each.

The company is incorporated under the laws of West Virginia, and the stock is non-assessable, and carries with it no personal liability to the holder.

THE GOLD MINING COMPANY (location, Music Mountains, A. T.) is as sound a mining enterprise as was ever placed on the market, and its possibilities have never been exceeded. Every share should double in value within a year, and they may quadruple, as they are based on property that would ordinarily have been capitalized ten (10) times as great on account of its known richness and promise.

The shares are made small so that any one can invest. Subscriptions for five shares are as welcome as those for hundreds.

Every dollar of earnings will go to the stockholders in dividends, as there is nothing else that they can be used for.

A Wisewell mill, capacity 20 tons per day, with powerful machinery, has been purchased and will be on the ground ready for erection at the mine within the next thirty days.

The solid basis upon which the company is founded and the practical proofs of the richness of the mine have already secured the confidence of the public, and the stock has steadily advanced in selling value. Within the last few days bona fide sales have been made AT PAR.

There is no better stock on the market for a permanent investment. For full information in regard to this Mine apply to the
